

Largest Indoor Soccer Facility in North America Selects ENESEAL HR to Repair & Protect Roof

Client: Soccer Center
Location: Alberta, Canada
Problem: Leaking 20 year old roof.
Solution: Repair over 300 holes and open seams in the roof with **SuperBond** + **ENESEAL HR** + reinforcement cloth. Spray-apply 2 coats of **ENESEAL HR** over entire roof area.
Cost: \$400,000 turn-key project cost.
Savings: Cost of conventional roof replacement was projected to be over \$2,000,000.
